Our Brand Story

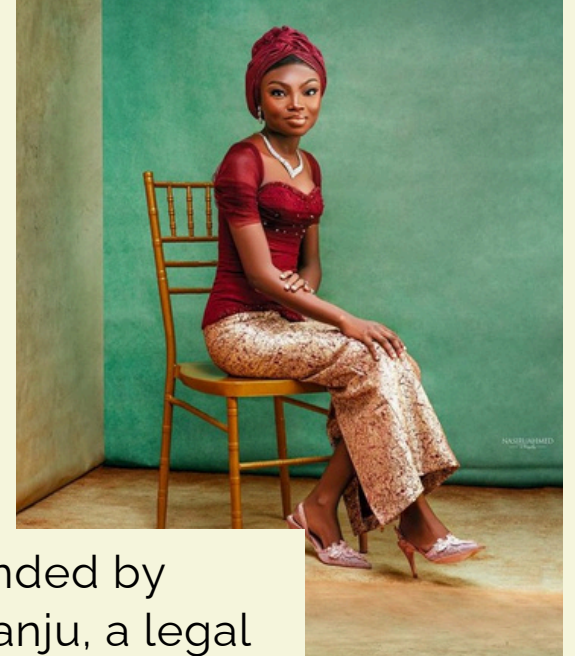

In bustling cities where life is moving at an unforgiving pace, there is always a growing need for moments of tranquillity and connection, people longing for events that are not just gatherings but experiences—filled with elegance, charm, and unforgettable memories. It was out of this desire that Eucalyptus Events was born.

Our Founding

Eucalyptus Events was founded by Aderonke Orimolade-Adeyanju, a legal practitioner and an event planning enthusiast with a keen eye for detail and a heart full of empathy.

Aderonke had always believed that the essence of a memorable event lay in the emotions it evoked and the lasting impressions it left behind. She envisioned a brand that would transform ordinary events into extraordinary experiences, meticulously curated to reflect the unique visions of each client.

Our Inspiration

The name "Eucalyptus Events" was inspired by the Eucalyptus tree—a symbol of healing, protection, and rejuvenation. Just as the Eucalyptus tree offers a refreshing sanctuary with its calming presence, Eucalyptus Events aims to provide a stress-free, delightful event planning experience.
